**RESOLUTION OF NORTHWEST BERGEN COUNTY UTILITIES AUTHORITY
TO CALL UPON NEW JERSEY U.S. SENATORS, THE HON. CORY A. BOOKER AND
THE HON. ROBERT MENENDEZ TO JOIN SEN. CYNTHIA LUMMIS IN SPONSORING
THE “WATER SYSTEMS PFAS LIABILITY PROTECTION ACT.”**

WHEREAS, The Mission of Northwest Bergen County Utilities Authority is a public water treatment utility dedicated to environmentally sound processing of wastewater and returning fresh water to the natural environment; and

WHEREAS, PFAS substances are a threat to human health and the environment; and

WHEREAS, Northwest Bergen County Utilities Authority is ready and willing to do its part to remove PFAS substances from systems to protect public health and the environment; and

WHEREAS, Northwest Bergen County Utilities Authority is responsible to protect the interests of its ratepayers; and

WHEREAS, the U.S. Environmental Protection Agency (EPA) proposes to designate certain per- and polyfluoroalkyl substances (PFAS) as hazardous substances under the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA; a.k.a., Superfund Act); and

WHEREAS, under a broad definition of CERCLA, public and private drinking water utilities, wastewater agencies (POTW), stormwater utilities, and biosolids management programs are potentially subject to CERCLA with regard to PFAS; and

WHEREAS, public and private drinking water utilities, wastewater agencies (POTW), stormwater utilities, and biosolids management programs are not polluters. They are passive receivers of PFAS substances and do not manufacture, use, or originate the PFAS substances; and

WHEREAS, CERCLA was enacted to hold polluters responsible for environmental cleanups; and

WHEREAS, being subject to such a CERCLA designation would ensnare public and private drinking water utilities, wastewater agencies (POTW), stormwater utilities, and biosolids management programs in endless litigation at the expense of taxpayers and ratepayers; and

TO CALL UPON NEW JERSEY U.S. SENATORS, THE HON. CORY A. BOOKER AND
THE HON. ROBERT MENENDEZ TO JOIN SEN. CYNTHIA LUMMIS IN SPONSORING
THE “WATER SYSTEMS PFAS LIABILITY PROTECTION ACT.”**

WHEREAS, in the past, some New Jersey utilities have been drawn into Superfund actions even though they are not polluters; and

WHEREAS, EPA assurances that it will rely on its enforcement discretion to keep POTWs from being forced to pay for cleanup under CERCLA fall short because 1) discretion can vary based on the administration and 2) polluters may employ legal strategies that draw public and private drinking water utilities, wastewater agencies (POTW), stormwater utilities, and biosolids management programs into litigation; and

WHEREAS, taxpayers and ratepayers are “innocent bystanders” and should not be made to pay to further polluter legal strategies, nor should they be subject to the regulatory uncertainty associated with EPA “discretion”; and

WHEREAS, cost implications the proposed CERCLA designation are complicated by the fact that PFAS substances aren’t introduced into the environment in a single or several discreet “spills” but are continually being introduced into the environment;

NOW THEREFORE, BE IT RESOLVED, that the Northwest Bergen County Utilities Authority calls on the Hon. Cory A. Booker and the Hon. Robert Menendez to join Sen. Cynthia Lummis in sponsoring the “Water Systems PFAS Liability Protection Act” because it would explicitly exempt public and private drinking water utilities, wastewater agencies (POTW), stormwater utilities, and biosolids management programs from CERCLA liability.
