**NORTHWEST BERGEN COUNTY UTILITIES AUTHORITY
NJEIFP LOAN NO. S340700-20**

WHEREAS, the Northwest Bergen County Utilities Authority (the “Authority”) intends to file a loan application with the New Jersey Department of Environmental Protection and the New Jersey Infrastructure Bank for the Authority’s Sludge Cake Receiving Facility at the Wastewater Treatment Plant Project:

The Authority has determined that the existing incinerators at the wastewater treatment plant are not operating to their fullest capacity. The Authority has decided to construct a cake receiving facility which will allow sludge cake to be accepted from outside facilities. The objective is for the plant to operate the incinerators 24-hours a day, seven days a week, to reduce operation and maintenance costs and achieve optimal efficiency.

NOW, THEREFORE BE IT RESOLVED, that John Danubio, Assistant Executive Director, be authorized to act as the Authorized Representative to represent the Authority in all matters relating to the project undertaken pursuant to the above referenced New Jersey Environmental Infrastructure Loan to be executed with the New Jersey Department of Environmental Protection and the New Jersey Infrastructure Bank. The Authorized Representative may be contacted at:

No. 101-2022

Date: November 9, 2022

**RESOLUTION AUTHORIZING
THE NORTHWEST BERGEN COUNTY UTILITIES AUTHORITY
TO APPROVE A SEWER CONNECTION APPLICATION
WITH SYLWIA KALDON
FOR THE 301 WILEY PLACE, WYCKOFF NEW JERSEY
SEWER CONNECTION**

WHEREAS, the Northwest Bergen County Utilities Authority (the “NBCUA”) has previously determined the need for and facilitated the construction of sanitary sewer lines within the Township of Wyckoff (the “Township”); and

WHEREAS, the NBCUA has previously resolved to construct sanitary sewer lines to assist in the collection and disposal of sanitary and other waste waters arising within the boundaries of the Township of Wyckoff; and

WHEREAS, the NBCUA has received a Sewer Connection Application from Sylwia Kaldon regarding 301 Wiley Place (a single-family residence) who is desirous of collaborating with the Township of Wyckoff for the connection to an existing Township of Wyckoff sanitary sewer located at the Wiley Place. The proposed connection/extension is designed to provide sanitary sewer service to a single-family residence. The sewer connection will connect to an existing Township of Wyckoff sanitary sewer located in Wiley Place. The proposed connection will involve constructing approximately 160 linear feet of 8-inch DIP, one (1) manhole, and modification of an existing manhole and appurtenances to collect and dispose of sanitary and other wastewater arising within the boundaries of 301 Wiley Place of the Township of Wyckoff and to be received and serviced by the NBCUA. The application for this connection/extension projects an average daily increase in flow of 300 gallons per day (GPD). Based on this projection, one (1) additional residential equivalent dwelling unit (“EDU”) will become tributary to the Authority from the Township of Wyckoff (“Project”); and

WHEREAS, the NBCUA Technical Advisor, Samuel N. Brewer submitted a memorandum on October 27, 2022, to the Interim Executive Director and NBCUA’s General Counsel indicating that the Authority currently has sufficient capacity to accept the additional flow from this Project and recommended the approval of the Sewer Connection Application by the Authority;

NOW THEREFORE BE IT RESOLVED, that the NBCUA Chairman, Interim Executive Director, Superintendent, and the NBCUA’s General Counsel are authorized to prepare any and all documentation in order to facilitate the sewer connection to service 301 Wiley Place

NOW, THEREFORE, BE IT FURTHER RESOLVED, by the Commissioners of the Northwest Bergen County Utilities Authority as follows:

1. The Authority hereby authorizes the approval of the Sewer Connection Application submitted by Sylwia Kaldon, subject to the following Authority requirements;
2. Construction in conformance with all applicable requirements of the Township of Wyckoff, where applicable.
3. Inspection and approval of the installation of sewers, appurtenances by the Township of Wyckoff, where applicable.
4. Observation and approval by the Authority of infiltration/exfiltration testing, with the Authority to receive two (2) days advanced notice prior to the testing of all newly constructed sewers.
5. Reimbursement to the Authority by the applicant for all engineering expenses incurred by the Authority for inspection and final testing of the sewers and appurtenances.
6. Payment to the Authority by the applicant for all Authority application fees, legal fees, and other application, administrative, technical, and other review expenses relating to the project.

AUTHORIZATION OF SIGNOR FOR PROVIDENT BANK ACCOUNT

WHEREAS, the Northwest Bergen County Utilities Authority (hereinafter referred to as the "Authority") wishes to continue its banking relationship with Provident Bank (hereinafter referred to as the "Bank" or "Provident Bank");

WHEREAS, the Bank requires certain resolutions and authorization of certain individuals by the Authority to conduct routine business with the Bank.

NOW, THEREFORE BE IT RESOLVED, the Authority authorizes the Interim Executive Director, Robert Laux, Assistant Executive Director, John Danubio and Board Secretary, Alison Gordon to have the following authority of the bank accounts held at Provident Bank:

1. Exercise all the powers listed in this Resolution;
2. Open all deposit or share account(s) in the name of the Authority;
3. Endorse checks and orders for the payment of money or otherwise withdraw or transfer funds on deposit with the Bank; and

FURTHER RESOLVED, Provident Bank located at 345 Franklin Avenue, Wyckoff, New Jersey is designated as a depository for the funds of the Authority and to provide other financial accommodations indicated in this Resolution; and

FURTHER RESOLVED, this Resolution shall continue to have effect until express written notice of its rescission or modification has been received and recorded by the Bank. Any and all prior Resolutions adopted by the Commissioners of the Authority and certified to the Bank as governing the operation of this Authority's account (s) are in full force and effect, until the Bank receives and acknowledges an express written notice of its revocation, modification or replacement. Any revocation, modification or replacement of a Resolution must be accompanied by documentation, satisfactory to the Bank, establishing the authority for the changes; and

FURTHER RESOLVED, the signature of an Agent named in this Resolution is conclusive evidence of their authority to act on behalf of the Authority. Any agent, so long as he/she acts in a representative capacity as agent of the Authority, is authorized to act on behalf of the Authority for the effective exercise of the powers set

Re: Rehabilitation of Manholes Found to have Defects in the Allendale Interceptor.

Dear Mr. Laux,

In May of 2021, T&M was authorized by the Authority to perform an above ground inspection of the sewer manholes within the Allendale Interceptor. During the inspection T&M found thirty (30) of the manholes requiring some level of repair or rehabilitation. The efforts range from locating and raising the frame and cover to grade, to full replacement of the frames and covers and in a majority of the manholes, complete rehabilitation. T&M is prepared to design the rehabilitation and repair of these manholes including grouting of the joints, spraying layers of cement and epoxy coatings, and installing chimney seals as needed.

T&M estimates the rehabilitation work to cost approximately \$353,800.00. However, this preliminary estimate will be finalized during design based on actual rehabilitation and/or repair work proposed. As a result of this initial investigative work, T&M has prepared this proposal for professional engineering services to assist in the development of the design specifications and drawings, as well as assist in acquiring funding for the proposed work, bidding, construction administration and field inspection during the ongoing construction process in order to rehabilitate the above mentioned 30 deficient manholes on the Allendale interceptor.

Our scope of work for this project is as follows:

- Prepare detailed construction drawings and/or maps outlining the locations of the manholes and the type of repair/rehabilitation required for each structure. Rehabilitation and/or repair details will also be provided as needed.
- Prepare front end and technical specifications for the work proposed including all materials needed to complete the rehabilitation and/or repair work selected.
- Prepare a final construction cost estimate for all work selected.
- The proposed contract is intended to be submitted to the NJ I-Bank under its current "Interceptor System Rehabilitation" funding application. T&M will submit the design documents prepared and coordinate with the NJDEP and the Office of Equal Opportunity (OEO) for review and approval of the contract and issuance of the Authorization to Advertise.
- Assist the Authority with bidding of the project, as well as attend the bid opening and prepare a Recommendation of Award. T&M will also coordinate with the NJDEP and solicit and obtain the Authorization to Award prior to entering into contract with the selected low bidder.

Please note that the work proposed includes rehabilitation and/or repair of the existing infrastructure. No new facilities or modifications to their existing size or locations are proposed; therefore, a Treatment

| YOUR GOALS. OUR MISSION.

Works Approval (TWA) permit is not necessary. This will be verified during design, and we will confirm with the Authority as needed.

Traffic Control and the use of Traffic Control Directors will be included as part of the contract documents and the Contractor that is awarded the project will be required to coordinate this effort as needed during the ongoing construction work.

T&M's fee for providing the design, funding assistance, bidding for this project is **\$55,515**. A breakdown of this cost is provided in the table below.

Task	T&M Labor Costs
Design	\$30,500.00
Funding Assist.	\$13,070.00
Bidding Assist.	\$11,945.00

T and M will submitting a separate fee for CA&I when we better know the scope of the work.

Our office is prepared to begin work upon approval from the Authority.
